“ Tearfully, I owe Michael a great part of my neshama. He helped bring me and my son back into the Olam. My memories of the hundreds of shabassim yom tovim and family gatherings that I was blessed to be part of will never be forgotten. Michael was not only a founder of true yiddishkeit in Oak Park but also a developer of tsaddikim as evidenced by his family and friends and also my family. May Hashem remind us of these memories so that we can go forward with energy and a strong light in the right direction as he would have wanted.

*Michoel included me in is family especially in my early years when I first joined our community. He greeted everyone with Panim Yoffos and treated each person as if they were a member of his immediate family. I was lucky to know him.*

*I had the privilege of knowing Michael late in his life and enjoyed his company and great knowledge. We had lots of good talks and a road trip to Toronto I will never forget. I wish his family peace and the continued commitment to their community that Michael started. He was role model for all of us. I am so glad we met and I had the chance to know him.*
