“ I knew Michael in high school. We didn't hang out together, but were school friends because as I recall Michael was friendly with everyone. I was fortunate to sit with Michael and Mary Ann at our 50 year high school reunion. This was the first time I remember seeing Michael since high school. Michael was as warm as always. He made it seem as though we were and always were the best of friends. It takes a special person like Michael to make others feel that way. May his memory be for a blessing.

“ Mike had a heart of gold and was always - always willing to help others. He will be missed but his light will never, ever diminish but shine brightly in Heaven.

“ *I am so very sad to hear of Michael's passing. We went to school k-12 and he was always one of the sweetest people. I remember so clearly him wearing plaid flannel shirts. My most heartfelt condolences to the entire family; and sending special thoughts to Clare. May his memory be for a blessing.*
