“ Hi, Barbara, I saw your message and it disappeared. Please email me at jharris48@yahoo.com or call at 248 752-7147. Molly was the best neighbor. I miss her to this day. She was kind and had a marvelous sense of humor and was very devoted to her husband, Mike

“ Molly and Mike lived next door to us in Detroit and Barbara was my first friend. I loved Molly very much and remember she was always so sweet and smiling. So sorry to see that she has passed and send my love to her family. May her memory be a blessing to all who loved her.

“ Molly Belen was such a warm and charismatic person and the quintessential Bubby. I loved watching her with her family and the pride she took in her beautiful grandchildren. If you were a friend of her kids, then she was your friend too. I remember when I had my first grandchild, she bought me a little photo book for the new grandma! I still have it.

Molly was elegant & classy, a real balabusta, always with a twinkle in her eye and a warm smile for everyone. It was a joy to know her. All of her grandchildren should feel so good to know how much she treasured them and how much they filled her life with tremendous love.

May the beautiful times and precious memories you have shared together bring you tremendous comfort during this very challenging time. I picture her reuniting with your beloved father & grandfather and it brings tears to my eyes. She loved him and missed him so much ...

Molly was a dear, sweet woman who reminded me of my beloved late grandmother. She always had a story to tell and was proud of her Canadian heritage. She was always willing to join in the activities I was leading and cared so much about how her fellow residents were doing. I will miss her. I just adored sweet Molly.. I have been doing manicures at Couville Assisted Living for 10 years and have had the honor of doing her nails every month... Last time I did her nails was in February because when I was there in March she was in the hospital.. She was always so excited to see on manicure day.. She loved being first in line! She was so proud when she could show me that she had finally stopped sucking her nails and there was actually some nail growth on them for me to polish! I will miss her dearly.. May she RIP... I will miss her smile and sweet personality terribly . Marla Straschewski (mobile hair dresser/manicurist)

Molly was a remarkable woman. I enjoyed her participation my exercise classes! Each session she would remark that her shoulders were bothering her so she will just watch, however she then proceeded to do almost all the fitness moves, always with a smile. Before or after the workouts, I'd often notice an aide speaking with her warmly or them giving each other hugs. She clearly had a special relationship with them.

Molly Belen was someone I knew and admired, both from shul and then as a friend of her kids. She was always interested not only in her children and grandchildren, but in me and my family. How were we, how were our kids, and then later, how were are grandkids! She was a very hands on Bubby, always ready to lend a hand, and with it some advice. She was one of those women who had grace and poise and charm. She always dressed and carried herself regally always with a smile.

She will be missed by a family that will have no doubt as to how much each of them meant to her and how much they were loved.

I hope that during this time and in the future you look back, both through pictures and memories and carry those images with you throughout this very difficult time, and they make you smile.

המקום ינחם אתכם בתוך שאר ציון וירושלים
