“ *I met Nicole in a group we were in together 20 or so years ago. I remember Nicole as such a caring person who with every life challenge soared past it She Kept going through every challenge she had. She deeply cared about other people. She would help anyone and give advice to anyone who needed it. She had a huge heart. I remember I went swimming with her and her friend and the fun we had. Unfortunately we lost touch but I kept up with her on Facebook on what she was up to. I send my deepest condelances prayers and thoughts to all her family and many friends she had. I was extremely sorry to hear this news* 💔🙏🙏

“ Nicole and I have been friends since high school. We took a trip to Florida with our friends in 1995. I drove to Eastern and stayed overnight in her dorm. We went to Borders and had dinner out. Nicole and I were friends during the easier times and throughout the more difficult times that came later for both of us. Her last text to me was “love you Liz” just a few days before she died. I will miss her very much.

*So many good memories,

I have found memories of her when she and some of the club house members attended the Walk a Mile in my shoes in Lansing at the Capital building. “ I am so incredibly sorry for your devastating loss. One of my favorite memories of Nicole was going to her birthday party at Burger King, as a child. I think I remember it was a Friday night, on a cold winter's night. Lots of love and prayers to all who are missing her.
