“ I had the pleasure of working with Norma for the last 2+ years as activities coordinator at Coville Assisted Living. She was without doubt one of the sharpest residents on the 2nd floor. She was funny and kind, always wanting to know how I was, asking about my family back in London. People were always so impressed when I told them that Norma could recite the alphabet backwards. Norma was always the first one out in the living room ready for what ever activity I had planned that day and held me to task if I was more a minute late. "I just want to be sure I'm in the right place at the right time" she was fond of saying. I will miss her dearly.

Gillian.... thank you very much. She loved you and how you treated her and everyone with love and respect. She was a wiz at word search and loved finding all of the words that could be found in a large word you wrote on the board. You truly brought light into Norma's life.

Dear Marcia,

We were so sorry to hear of your beloved Mother's passing. We understand how very precious she was to you and are sending you much love. Take comfort in the knowledge that, thanks to you (and Marc), she had a long and happy life. Nothing will replace the emptiness that you feel at this time but we pray that your many happy memories will sustain you in your grief. May her memory be for a blessing.
