“ *Rachel: "Johnny take the money"
Me: "No Rachel I don't need it"
That will always be the biggest fight ever between us. She would call and need help with the smallest things and I love to come help her and she always wanted to pay me lol. My time spent with her from day one she always made me feel as if I was one of her own. I remember the last time I saw her was in the hospital and Rachel being Rachel was fighting with the Doctors and she turn to me and said "What do you think Johnny". That was my girl I will miss her so much I'm so glad that I got the time that I did while she was here it always was a great time.*

“ I was so fortunate to have my Aunt Rae in my life! Anyone who had her and Uncle Jack in their lives knows how fortunate they were as well! She and Jack would make a point of coming to see me after all my surgeries and Rae would always pull a cookie or brownie out of her purse that she got at temple for me we had a joke about that. I want to share something that you already know but humor me, Rae and Jack, Jack and Rae whichever one you start with doesnt matter because their names should have been 1 word! If you saw one you saw the other. When Jack passed so did a huge part of Rae! It's like the light in her eyes just dimmed! She couldn't wait to see him again! I'm a firm believer in the after life. I know the two of them got to hold each other last night for the first time in a while and that really makes me smile to picture them together again! There will never be anyone like Rae again! Jack and Rae, Rae and Jack, they are both together again and to know the light in Rae's eyes is back well, that puts a smile on my face! Aunt Rae, you will be missed more than you could ever imagine! Love you and miss you already!!
