“ *Bobbo. My friend. My brother. My family. What you have done for my family my sister and my nephew is nothing short of spectacular. You were the rock when I needed you to be and a water slide when it was time. The way that you attach yourself to my daughters unparalleled to anyone in my life. May your memory last a lifetime. It was just a few weeks ago that I was throwing snowballs at you on my front porch watching you smile and laugh with that infectious belly laugh through a night of euchre. The way that you supported me throughout my last few years in my journey is amazing. Thank you for your love, your friendship, and your undying devotion to my children and my nephew. Rest easy.*

“Robbie, it has taken me a while to write this, I'm am absolutely shocked, heartbroken, and sadden by your passing. You we're one of my oldest long time friends, and I will miss you beyond belief. The memories that I have of all of the days we have spent throughout the years is something I will cherish for the rest of my life. I will see you soon again my friend (Maybe not to soon)! We have been friends since before Kindergarten we grew up 12 houses from one another and if I wasn't at your house you were at my house hanging out. I could list all of the many things that we have done together growing up but the list would fill this page 100 times over. But to list a few memories, to this day one of my favorite things to eat is something I would eat at your house and that is a friggen cold meatloaf sandwich on white bread with Ketchup. Go figure! Other things include, playing euchre, risk, poker, going to Canada to the Riviera club when we were teenagers with my fake ID lol, Harpo's especially quarter beer night on tuesdays the list of bands we have seen is The Who's who of concerts, and all the concerts that weve seen both at Pine knob and Harpo's, Practicing, baseball in your yard with your dad! Riding my dirt bike in the front yard! Going for rides in your stupid Nova with the windows down in the middle of the winter just because you thought it was funny! That's why I always offered to drive in my cutlass because I can control the temperature inside the vehicle. Hanging out at Stoney Creek, with my first girlfriend and her friends! The many games of Risk we played throughout the years with JB, who we also, lost a few years ago. Katz's deli, the place you spent many years of your life working, you'd would bring me countless amounts of deli sandwiches home after work when we would hang out after. As a matter of fact, you got me my first job working at Katz's, hence why I spent so many years working in the restaurant industry. Although you spent a great deal of time as a friend of my brother before his death, after I moved to Arizona you were always my best friend, and I will always cherish you friendship. You were a kindhearted person who cared about others, and how they felt, that is a quality that many people should only wish to aspire to! You were with me to help me after the loss of my Brother, the hours we spent sitting there at Stevens apartment just reminiscing for hours you were the first to call me, and greet me

after the loss of my neice, and there is no way to extend the appreciation I have to you for that! Throughout the years after I moved out of the Detroit area we still maintain a great friendship, I tried to convince you on numerous occasions to move out to Arizona and hang out with me but you were always hesitant to leave the Detroit area. And most recently before I married Janet I again asked you if you wanted to move down to Florida and again you were hesitant I think, you may have just been afraid of the unknown and the thought of leaving Detroit. I know you had told me the last time we saw each other you had wished you took me up on the offer. You are always the first person that I would contact when I landed in Detroit so we can spend some time together. Almost every time I came to town you make time in your schedule to hang out. Like I said Robbie I can go on and on, about our friendship but you were like a brother to me maybe more so then then my real brother, as I hope he is also resting easy as I hope you will as well. You are now at peace as I know you have had you struggles throughout the years, but who hasn't. ☐ Life is so very fragile, it's so incredible hard to navigate it at times. Today you will be laid to rest, and how apropos it is that there is a snow storm going on in Detroit, don't worry today I'll leave the windows open in my truck in your honor, but here it's 80 degrees today! Lol 😭 but for you it's just how you liked it, freezing cold with the windows down. Rest easy my dear friend, and I love you, you will be missed as you have touched many people over the years with your kindness. Lastly, I'm grateful that the last time I was in Michigan we were able to get together at were you were living in Oak Park, we sat again for hours just talking and reminiscing about anything and everything. You now will be reunited with so many of friends and family, that have passed. RIP my brother Robbie 🙏❤️☐❤️🙏 oh, and ☐ for those stupid rides in the Nova you can now ride that Nova again forever! I appreciate you if I've never told you, and I'm going to miss your friendship!

“ I had Robbie in my gym class at Lessenger Elementary School from kindergarten to the sixth grade. I also had his siblings. Parents Mort and Diane were friends to me during those years. This is very upsetting to me. My sincere sympathy to the family
