“ *Remember Robin fondly. She had a good sense of humor and was quick to smile. Sorry to hear of her passing.*

“ *Robin and I lived only a block apart, and were dear friends all through grade and high school. We met at the bus stop almost every day, and ditched school together on more than one occasion. We spent many hours in each other's homes and shared many memories. It was sad to see her move away, and we lost contact, but she was a big part of my childhood, and will be remembered fondly. My condolences to her family, and to all who cherished her.*

Robin and I first met on the steps of the local library before she appeared in our class at Bradwell Elementary. Characteristically intense and curious, she asked many questions about me as we sat on the steps. Periodically but not often in our years as elementary school classmates, we would share intense "catchup" sessions like our first meeting. I always found her to be an intriguing, lovely girl and wished her all the best. May their loving memories of Robin provide a consolation to all, like me, who mourn her passing.

“ *I attended Bradwell Elementary with Robin and remember her well. Robin was a smart, sweet, good-natured girl, quick to smile. It felt good just to be around her. Not a mean bone in her body. We all loved her.*

I went to Bradwell in 8th grade with Robbin. I remember she was voted the 8th grade student 🧐🎓 with the most beautiful eyes. And yes. She had gorgeous eyes. Among I am sure many other talents and gifts

“ Robin was such a valuable member of the Karmanos Cancer Center's Patient & Family Advisory Council for many years. I will always remember her for her passion for other patients, her tenacity in fighting her disease for so many years and her creativity with her jewelry. It was always a beautiful surprise when I would see her unexpectedly when she was here for appointments or a hospital stay. We would have such wonderful conversations and she would always share ideas to help us improve our Center. I am so sorry to the family for your loss.

“ I had wonderful times with your mother. She was my hero. She alway put her cancer fighting boots on and kick the cramp out of the cancer she would tell me. She was a fighter to the very end. I am glad she came in to my life. I loved You Robin Stone

“ My dearest Mallory,
I am completely heartbroken for you and your family. Sweet Robin was such a fighter and the rock in your life. Hold tight to the love she instilled in each of you. I am rejoicing that her suffering is over and I know that she was welcomed into God's heavenly kingdom TODAY!
I will continue to pray for God to give you strength!
Love Sonja

Robin was just a client when I worked at Robert and Charles. She got cancer and was not just a fighter but a real true survivor not a victim . She was a trooper 🍷

I met Robin through Gilda's Club. Robin was a key contributor to our Gynecological Ovarian cancer group. With her fighting spirit and years of knowledge Robin was always a strong mentor and inspiration for many of us in the group. I always loved her sense of fun and adventure and her love of vintage jewelry. She always had a youthful zest for life in spite of all she went through. On the other hand Robin would be a calm presence when many faced storms. I was always happier when she walked through the door. I am so sorry for your loss. There is an empty space on this earth that will not be filled, but I hope Robin is filling a void in the next world and will help us all with her love, memories and example. I knew Robin from Bradwell Grammar School in Chicago and the University of Illinois, Navy Pier. She was a terrific person and will be missed.
