“ I am deeply saddened to learn of Dr. Jassenoff's passing. I had the privilege of working with him at Botsford for many years, and I will always be grateful for that time.

Dr. Jassenoff will be remembered for his professionalism, kindness, humility, and the genuine respect he showed to others.

I extend my heartfelt condolences to his family and loved ones. May his memory be a blessing.

“ I worked at Botsford with Sam for many years. Was always nice to look at an xray and mostly ultrasound with him. We would talk about many things in addition to the radiograph. Always shared our love for watches together and always had a pleasant encounter. The doctors of today never go and look at a film with the radiologist anymore. They are missing out on enjoying talking with a colleague. Especially one like Sam was. May he rest in peace.
