“ he delivered me in 1975 and my daughter in 1993 and my son in 1998 whose life he save as mommy and baby were fading fast. Makes me so sad to see this news. The circle of life. You were a great doctor! Thank you!

“ I recently learned of Dr. Gordon's passing. He was my Ob/Gyn for years (Warren office) until his retirement. Dr. Gordon was not only a great Physician, but also a wonderful person. He will be missed. ❤️

DeElvera Edwards - December 20, 2025 at 10:58 PM

“ I just learned today of Dr. Gordon’s passing from the OB he recommended when he retired. I was deeply saddened to hear the news. I began my care with Dr. Katzman when I was 17, and later became a patient of Dr. Gordon’s. He delivered my first child on December 26, 1976—something I will always hold close to my heart.

Dr. Gordon was, without a doubt, the kind of doctor who made you feel like family. After every exam, he would sit with me in his office to go over my health, and then effortlessly transition into sharing stories about his family. He loved them dearly and was especially proud of his grandchildren. You don’t often encounter a physician who shows that level of compassion, warmth, and genuine care.

I was truly blessed by the OB he recommended when he retired. He carries that same spirit—taking the time to sit, listen, discuss your health, and share stories as well. It feels like such a meaningful continuation of care. In fact, my current OB even went to school with Dr. Gordon’s son.

Dr. Gordon will always be remembered not just for his medical skill, but for the kindness and humanity he brought to his patients’ lives.

“ I was a patient of Dr Gordon when I was first married in 1971. I stayed his patient until he retired. He was a wonderful doctor- so caring, patient & kind. Always, after an exam you would go to his office & he would discuss your health, personal joy’s & problems. He treated me like I was his daughter. May he rest in peace.

“ I just learned of Dr. Gordon's passing. I was his patient for about 30 years (90s-until his retirement). He was great, and I still think of him. My condolences to his family.

DeElvera Edwards - August 19, 2025 at 09:05 AM

“ I worked with doctor Gordon for years I think 8-10 years. He taught me about medicine, life, family. Doctor Gordon loved his family so much. Especially the grand children; he proudly displayed photos of them in his office. I'm so so sorry for your loss family of Dr. Gordon! I'm also sad for the patients and others lives he's touched. 🙏

“ Dear Maryam : I met Seymour 53 years ago when I was a Resident, he was my teacher, then we became partners. I don't think I will meet another person like him. He was the kindest physician, a loyal friend, ready to help me any time. I will really miss him. My deepest condolences to you and your family. Andres G. Santiviago MD.

“ Dr. Gordon was a wonderful doctor. I managed his practice the 2 years leading up to his retirement. He loved his family. He spoke about his grandchildren often. Dr. Gordon went to Jerusalem with his grandson while I worked for him. He was so happy to have taken that trip. He was rooted in his faith. He was such a pleasant man. He taught me how to play the Dreidel. I remember him coming into my office with a ziplock bag of chocolate candy gold coins and the Dreidel. we played a handful of times during the holidays. I am so happy to have met and known Dr. Gordon. My husband and I struggled with having a child. When he found out that I was pregnant, he reached out and told me that he had prayed for us and he couldn't be happier. He was so excited to hear that my son's name was Isaac. He was proud to tell me that the name Isaac was a Hebrew name a strong name for a child. He was such a pleasure to know. God bless and may he rest in peace.
