“ *Teacher. Colleague. Best of all, friend. Seymour was the kindest and most even-tempered person I've ever met. He would always greet you with a smile and a genuine interest in your life. I miss his humor, advice, encouragement and support over the years.*

“ I am very sad to find out that Dr. Wolfson has passed away. He was my first supervisor when I started working at Wayne State University in 1997. He created the Word Processing Program for individuals 19-21. The program ran for more than 20 years. He was so kind and thoughtful. He will truly be missed. Rainelle

“ I met Seymour when I joined the Detroit Chapter of Phi Beta Kappa while he was president. During the time that I knew him he was a role model of what a warm human being should be. My life was truly enriched by knowing him.

“ Seymour and I were friends through the Greater Detroit Association of Phi Beta Kappa, where I served as treasurer and he as our president for many years. He ably led the organization in a very professional, yet gracious way, until he became a snowbird and "escaped" to Florida with Lea each winter.

As a Protestant, I grew up on the south side of Chicago in the 50's and 60's and lived in a predominantly Jewish community. Many of my classmates were Jewish and I was so jealous when they were excused from school on the Jewish holidays. I so enjoyed visiting my Jewish friends who lived with grandparents from "the old country" who spoke Yiddish. Seymour took great delight in hearing me attempt to practice my Yiddish with him! I am ever so grateful that our paths in life crossed. I shall miss him. Kathy Howell

“ Rich and I were so shocked and saddened to learn of Seymour's death. I have such wonderful memories of times spent with Seymour, from silly things like his showing up dressed as a clown for my "1st birthday party" to serious memories of the time we spent working together for our professional society, the ACM. He will be missed by his many good friends!
