“ I have such fond memories of Sheldon. As I have become a grandmother I have often thought of Elaine and Sheldon and how distance never kept them apart from their grandchildren in New York. I was always impressed and moved at their presence at every birthday party, holiday, or special event to be with their grandchildren. They would drive into the city, like it was absolutely no big deal. Sheldon adored Isabel, Harley and Eliza and that love was returned to him ten-fold. I remember Julie telling me that Harley's most special and sought-out vacation spot was in his grandparent's living room in Michigan. I know it is because he must have felt so happy, comfortable and loved there. And I know it is no coincidence that all three of Julie's children attended University of Michigan which allowed them to visit with their grandparents often. Sheldon was always so kind and welcoming to all of Peter and Julie's friends and his presence made every Borish gathering extra special. He was a kind and gentle man and our thoughts and prayers go out to the entire Girsh and Borish family at this sad and difficult time of loss.
