“ *Uncle Stan was a kind and very loving person. He made sure to keep in touch with me and my sister Kathy and brother Herb, especially after our mother and his sister Norma went to heaven at an all too early age. He readily shared stories of growing up through the hardships as well as the happy times. And because of the many miles apart, we weren't able to see each other often enough; but I always knew I could contact him when I wanted to talk, or know what was going on in his life through social media postings. He loved everyone, especially his family; and always took such great joy in bragging about all his kids and their accomplishments. As everyone else has shared, he will be sorely missed; but now he can eternally be with Aunt Vickey, the number one love of his life. I will always love you, Uncle Stan! ❤️* Linda Shoemaker Nowicki
