“ *I wish I had known Steven Baker better. I do know that he married one of my most long term friends and that his presence in her life is so so amazing. I have never seen Marsha so happy, confident, and in love. His memory is a blessing.*

“ We met Steve and Martha when I became Robert’s Pre-k teacher. We all became very fast friends and I was blessed to be able to walk Roo into his his 1st day of Kindergarten like a second parent. He and Roo were both in our wedding as an usher and ringer bear. Looking very handsome, i must add! They opened their home up to up after our wedding knowing David would be leaving for for Army OSUT within about a month. I remember those two giving each other crap about it the whole time and even having a nerf gun war or two. We lost touch after being stationed at Ft Hood but I know Roo loved the military backpack we send back to him and Steve never failed to let David know how proud of him he was. He will be greatly missed and this earth lost an incredible chef, husband, dad and friend. Know you are loved my friend ❤️

“ *My first memory of Steve was when our boys would play together and he would bring cookies for them to eat for snack...he was one of the kindest, most big hearted people I know and I know that he will always be smiling down on Marsha and Robert. May his name and memory always be for a blessing...❤️*
