Very touching service exemplifying Susan's zest for life and deep spirit in connecting with family and the children she worked with at their levels. She was filled with positive affirmations with her students.

“ *My name is Laura Solomon and I was best friends with Susan's step-sister Karen. Susan and I were close when her kids were little. She was a delightful woman who I was honored to be close with (in the late 1980's) Her memory will be a blessing.*

“ To Susan's wonderful family, I have been blessed to have known Susan over the past 15 years as my children's school social worker in the Lubavitch Cheder. She has taught me so much about how to be a mother. She introduced me to the teachings of Becky Bailey, and that has guided my parenting for the past 10 years, teaching me how to enter my children's world in a loving and firm way, teaching me how to stay calm, and how to model this for my children. Here is one small example of some advice that Mrs. G gave me, which is so not small. When my twins were small, their behavior was difficult for me. She guided me to encourage them to be a team, so they would grow to work together and build on each other's successes, instead of being rivals who would grow up to be jealous of each other. With her encouragement, I was able to do this and create a spirit of teamwork within my family, and I credit Susan's wise advice to the beautiful relationship my twins have with each other as teenagers today. I am so sad that she was taken from you, I miss her so much. I don't think I will ever see a pinwheel and not think of her, teaching my children and I how to breathe in the flower power. I imagine her light and warmth shining down from Gan Eden.

“ Dear Carole, Coby, Neil, Mitchell and families. I am so sorry that our beloved

Susan has passed away. At the funeral you all eulogized and celebrated her

with all the love and quirky Master family humour that she deserved. It

was a fitting tribute and send off for one so caring, accomplished and full of

life. Sending my love to all of you. May you know no further sorrow.

“ Dearest Carole, Coby, Neil, Mitchell and the entire family, please accept my deepest condolences on Susan’s passing. The memories of my childhood spent with Susan and the rest of the Master family were, without a doubt, the most treasured times of my early life. I looked up to Susan and so wanted to be like Susan and cherished our trips to Detroit and spending time with her. Her passing leaves a void for so many that loved and adored her... Amidst the sadness that you are experiencing, may you find solace in the most beautiful legacy that she leaves behind.

“ Dear Carole and family; So sorry for this shocking loss. Losing a child is inexplicable. My memory of my 'libra sister' from a very young age will never be forgotten. Our families were intertwined at the hip. So sad for Mitchell and Neil; their big sister was remarkable and will never be forgotten. Ellen Katz Halpern

“ Dear Carol and Family,
Needless to say we are in shock. Hard to express ourselves but we will try.
To lose a child is probable one of the most inexplicable emotions in life. To lose a sweet great daughter like Susan even more. Our memories of that adorable sweet child will always be in our minds and hearts even more so. To know she grew into an accomplished talented person, mother of five and grandmother warms or hearts. We can only offer what we feel and that is our sincerest condolences and to say may her huge legacy be as blessing .Please convey our sympathies to Neil and Mitchell.
