“ I am a second cousin of Sylvia and just learned of her death. She was a wonderful person with a very giving heart. My condolences to her family.

“ Sylvia was one of the long time participants in our community's Chesed program. In that capacity she accrued countless hours of visiting patients in our hospitals. It is a safe guess that this was merely one of the acts of personal Chesed to which Sylvia devoted herself. Leaving this mortal realm so close to a Yom Tov, resulting in a brief Shiva week for her family, should perhaps be appreciated by us as "merely" a partial reward for her special Neshama, and possibly a reminder to her family that they were blessed to be so closely related to her. המקום ינחם אתכם בתוך הבית שאר אבלי ציון וירושלים.
May the Al-mighty console her family amongst the mourners of Zion and Jerusalem.
