“ I just spoke to Sylvia the other day to give my condolences on Hans. . .

My first memories of her are as the young kindergarten teacher at Pasteur with her cute skirts and open back high heels wearing a pony tail. A forever memory. She was a staunch supporter of the alumni group which became the Friends of Pasteur School Detroit. Her memory is a blessing. Her mother, Mrs. Lehrman, was also a beloved teacher from Shaarey Zedek nursery school.

EI

Sylvia is gone so soon after her beloved husband Hans. The Weinmanns were longtime members of my progressive Zionist organization, Ameinu Detroit. May their memory be for a blessing.

EB

Sadly the Weinmann age is history. As founders of our vibrant Vienna Club they established and supported our life style in our new country. Their contributions to the Holocaust Memorial Center in the form of interviews and Kindertransport awareness were invaluable. As close friends of theirs for many years we always valued their unselfish contributions to all of us. Their memory will be impossible to erase.

Though I haven't seen Sylvia and Hans in a while, I loved them both! Sylvia was my daughter's teacher at Pasteur, and we skied with Hans and played tennis with Sylvia. We knew them both and then they met each other and married. Our family is so sad to hear this terrible news!

Though I haven't seen Sylvia and Hans in awhile, they were part of our life for many, many years. Sylvia was my daughter's teacher at Pasteur, and we skied with Hans for years. We knew them both, but they didn't know each other. They met, married and we had great times together with our Detroit Tennis Club group. We are so very sad to hear this terrible news. We loved them both!

DP

Both sylvia and Hans met and married after their retirement. As has been said, they were totally devoted to each other in the number of years that they were together. Both had an amazing Biography on their own. Those of us who knew them in many different ways, could, as has been said, write a book about their fulfilling lives .
