“ My mom and I would go for a ride in the car and she would tell me to take so many turns so we can get lost and have a longer ride. Sometimes it worked and sometimes it didn't. I love you very much mom, God knew who to put together as mom and daughter, you have two beautiful daughters. I think about you all the time. We will have a lot of catching up, your daughter bug a boo Kristy.

“ Terry, I missed being able to hear your voice one more time, but I can hear it in my heart and I just wanted to say that I wish I could have seen you 1 more time before you left us. I wanted to let you know that whenever I think of the love that you, not only poured into your Beautiful daughter, Kristy, but also to all of us girls as well, I feel full of peace knowing you loved all of us with your wholeheart. There was never any doubt of your love for all of us, including the rest of our family and friends too. You were there for us so much when we were younger and I will always remember your big hugs and silly nicknames that you had for all of us but especially Kristy. I Love you and wish you Godspeed in your journey home.

“ I remember when Terry would babysit us, she would make it so fun. We would do each other's hair and paint our nails. We would be listening to Niel Diamond and sing into our hairbrushes. I love you Terry and will miss our fun times we had and your great big hugs and kisses.
